

**World Glaucoma Association**  
The Global Glaucoma Network

# How Glaucoma may affect your vision?

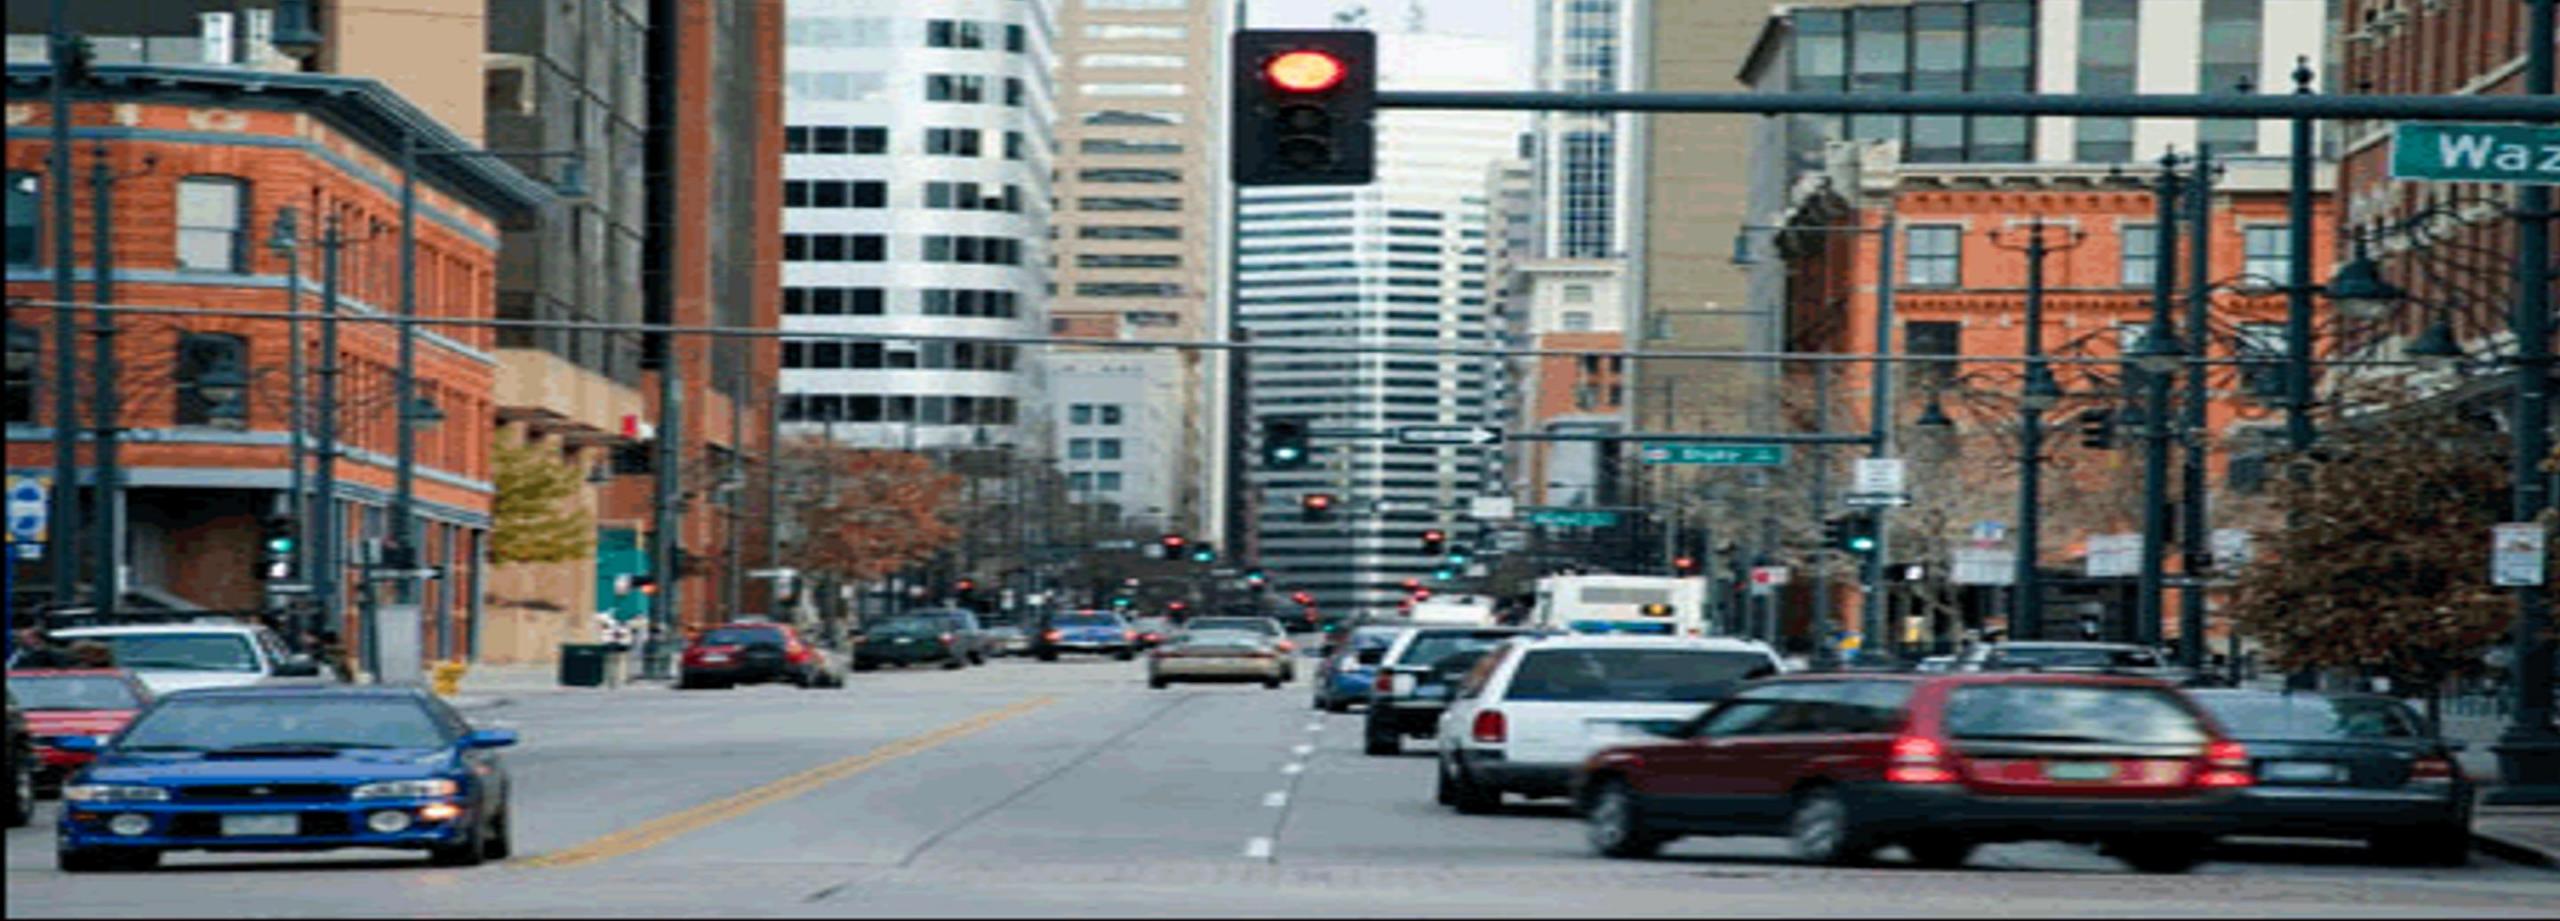

THE WORLD GLAUCOMA ASSOCIATION

# How Glaucoma may affect your vision?

- Part I -

**What if all you could see was...**  
**...this?**

**When you should be  
seeing this?**

**How Glaucoma affects your vision?**  
**Dark areas are commonly used to describe**  
**vision loss due to glaucoma...**

**But most glaucoma patients describe  
a blurred vision or missing parts**

# How Glaucoma may affect your vision?

- Part II -

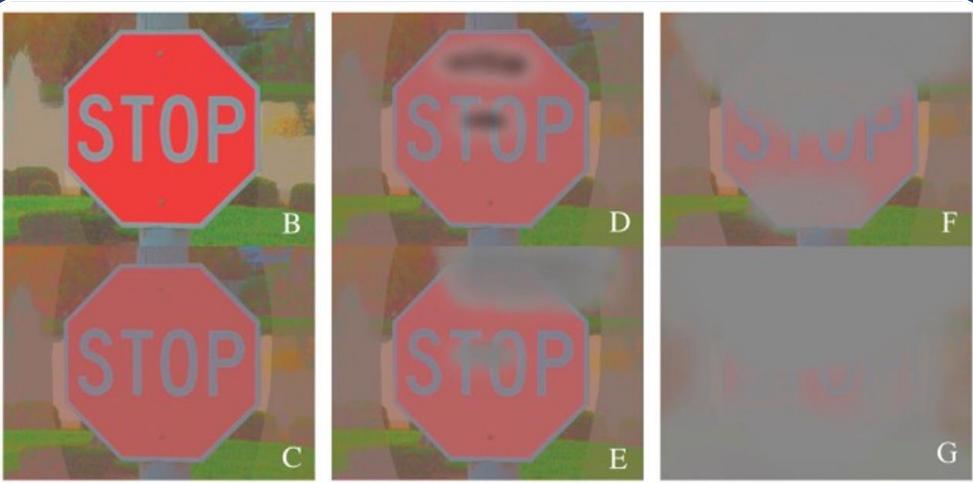

# Contrast and Glaucoma?

**Progressive loss  
of contrast  
sensitivity  
in advanced  
Glaucoma**

NORMAL VISION

AREAS THAT CANNOT BE SEEN

# How Glaucoma may affect your vision?

- Part III -

Please look straight to the bulls  
eye – at the blue arrow

**While still looking at the bulls  
eye, can you see the child on the  
right side of your screen?**

**While still looking at the bulls eye,  
can you see the child on the left  
side?**

**It is more difficult to note the child on the left due to a phenomenon called visual crowding – which may be more pronounced in glaucoma patients.**
